

Turn Your Web Reading List Into Podcasts

Play articles & blogs as podcasts, on your time

Start for free

Read Hear It.

Not enough time to read everything you want online?

Recast transforms your reading list into podcasts using expressive, lifelike voices. Select your readings, and they'll be waiting for you in your favorite podcast app.

How Recast Works

01
From your phone or desktop, share articles & blogs to Recast.

02
We convert your readings to podcasts.

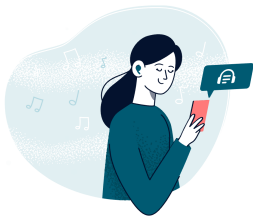

03
Listen now or later through your podcast app or web browser.

Get started

Personalized Podcast Feed

No more articles lost in backlogged browser tabs. At home or on-the-go, conveniently listen to content that matters to you.

Get started

Hearing is Believing

Text-to-speech isn't what it used to be. Recast uses the latest technology to convert readings into **natural, expressive speech**—giving you human-like podcast audio.

Hear audio sample

Listen your way

Connect Recast to your existing podcast app. Don't worry—we make it easy!

Easy article-saving

Add articles to your feed with your phone or through Recast's browser extension.

Free sign-up

Listen to your first 60 minutes, on us. Subscription plans start at just \$10.
